Utsuk
the science & tech quiz

Utsuk: The Science and Tech Quiz, presented by SciAstra, is an exciting school-level quizzing competition organised by QSI, the Quizzing Society of IISER Thiruvananthapuram, as part of Anvesha '26, the annual science fest of IISER Thiruvananthapuram. Open to students from **Classes 8 to 12,** Utsuk brings together young minds for a thrilling celebration of curiosity, knowledge, and the joy of figuring things out.

Unlike conventional quizzes that rely heavily on memorised facts and obscure knowledge, Utsuk celebrates the art of thinking on your feet. The questions are designed to reward presence of mind, lateral thinking, logical reasoning, and the ability to connect seemingly unrelated pieces of information. From fascinating scientific discoveries and technological innovations to current affairs, intriguing trivia, and unexpected connections, every question offers a chance to look beyond the obvious and arrive at an answer through clever deduction. Here, curiosity can be just as valuable as knowledge, and sometimes, the smallest clue can lead to the biggest breakthrough!

The quiz has two stages: Prelims and Finals. In the Prelims, teams will take on a series of fun and challenging questions across different themes. The best-performing teams will qualify for the Finals, where they will compete for the title in an exciting battle of knowledge, quick thinking, and teamwork.

With interesting questions, a lively atmosphere, and fun audience rounds in between, Utsuk promises an exciting experience for both participants and spectators. Whether you are an experienced quizzer or simply curious about science and technology, come along, put your thinking skills to the test, and see where your curiosity takes you!

the science & tech quiz

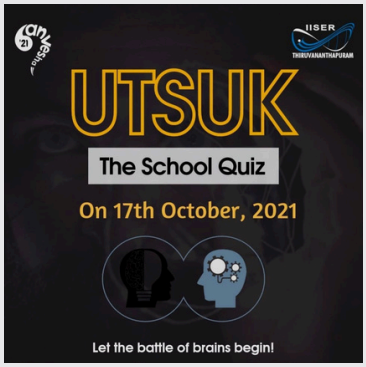

Audience Questions : Enjoy exciting audience rounds with fun questions open to everyone! Join in, test your knowledge, and stand a chance to win exciting goodies!

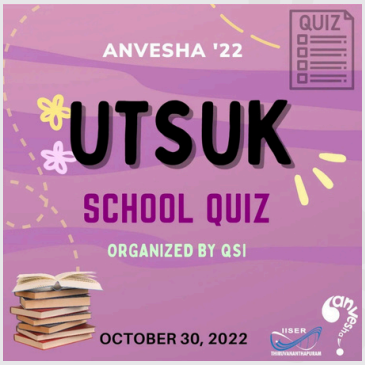

Through Utsuk, we hope to bring the culture of quizzing and the spirit of interdisciplinary scientific curiosity to school students across Trivandrum. We envision the event as an opportunity for students to explore, think, connect ideas, and discover the joy of arriving at answers through reasoning, while becoming part of the larger spirit of curiosity and exploration that defines Anvesha '26.

General Rules and Regulations

1. Code of Conduct & Inclusivity

- All participants must wear their school ID card throughout the competition.
- The quiz is primarily designed for students from Classes 8 to 12, However, students from lower classes are also welcome to participate in the quiz. Please note that the competition is tailored to the knowledge level of students from Classes 8–12.
- Participants may register individually or in teams of 2.
- Participants must maintain decorum before, during, and after the event. Always be respectful to fellow participants, audience members, and Quizmasters (QMs).
- We take a strong stance against creating a hostile environment. Intimidation, bullying, or any other form of harassment, whether verbal or physical, will not be tolerated under any circumstances.

2. Integrity & Fair Play

- Cheating, malpractice, or unfair practices of any form will result in immediate disqualification.
- The use of smartphones, smartwatches, or any unauthorized electronic devices during the quiz is strictly prohibited.

3. Gameplay & Decorum

- Audience members and competing teams must not shout out answers out of turn. Prompting will result in the question being canceled or points being deducted from the offending team.
- Disputes over answers with QMs must be handled politely. Participants must avoid shouting, arguing, or disrupting the flow of the quiz.
- The Quizmaster's decision regarding answers, points, and disputes is final and binding.

4. Sportsmanship

- Quizzing is ultimately about learning and having fun. Celebrate your correct answers, applaud the good efforts of your peers, and practice good sportsmanship at all times.

Utsuk

the science & tech quiz

Anvesha, the annual science fest of the Indian Institute of Science Education and Research (IISER) Thiruvananthapuram, is a hotspot for innovation, originality and a pure love for science. Ever since her beginnings in 2009, Anvesha has been rooting herself into the ethos of the scientific community here. With events spread across a month, the fest amplifies the buzz around science and gets curious minds thinking!
